

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. If certain engagements only be specified those only are sold with the horse.

Sales to parties debarred from racing on race-courses under the authority of the Jockey Club shall have the effect of a declaration as if made on the declaring date next succeeding the sale; the forfeits then due must be paid by the vendor, who shall give immediate notice of such sale to the Secretary or Clerk of the Course where the race is to be run.

66. A person making a wrong nomination is equally liable. Every horse shall be considered as having started and be liable for whatever is due for so doing, when its jockey has been weighed and its number displayed.

forfeit list, and the Stewards of the Jockey Club may at any time cause its publication in the Racing Calendar.

70. The forfeit list shall include all arrears due on the Courses of recognized associations, which shall be placed there on official information, or by any person who shall have given notice of an arrear in writing to the Secretary of the Stewards of the Jockey Club and to the person indebted or his representative, and shall have established his claim to the satisfaction of the Stewards of the Jockey Club.

71. Where a person is prevented by these rules from entering or starting a horse for any race, without paying arrears, for which he would not otherwise be liable, he may, by paying the same, enter or start the horse and place the arrears on the forfeit list as due to himself, and in a like manner the seller of a horse with engagements may, if compelled to pay them by the purchaser's default, place the amount on the forfeit list, as due from the purchaser to himself.

Horses must be announced as starters thirty minutes before race.

Any subsequent change of jockey must be sanctioned by the Stewards, and if satisfactory reason is not given for the change they may fine, suspend or rule off the course any person they may think culpable in the matter.

74. If the race be one for which the entry was made during the meeting, a horse must start unless struck out thirty minutes before the time appointed for the race.

75. In all races, should a horse become disabled after weighing out, if so proven to the satisfaction of the Stewards, he may be withdrawn.

In races of intermediate lengths the weights for the shorter distance shall be carried.

In races exclusively for three years old or for four years old, the weight shall be 122 lbs. and for two years old, 118 lbs.

Except in handicaps, and in races where the weights are fixed absolutely in the conditions, fillies two years old shall be allowed 3 lbs., and mares three years old and upward shall be allowed 5 lbs. before the 1st of September and 3 lbs. afterward. Geldings shall be allowed 3 lbs.

Welter weight shall be 28 lbs. added to weight for age.

ESTIMATING WINNINGS.

78. In estimating the value of a race, there shall be deducted the amount of the winner's own stake and any money payable to other horses or out of the stakes by the conditions of the race, or by the general conditions of the meeting; entrance money to a purse or entrance money going to the race fund shall not be deducted. *Value of Race.*

79. The value of any prize not of money shall not be estimated. Winnings during the year shall include all prizes from the 1st of January preceding to the time appointed for the start, and shall apply to all races in any country; and winning shall include dividing, walking over, or receiving forfeit. *Winnings.*

Winning of a fixed sum is understood to be winning it in one race, unless specified to the contrary.

In case of a walk-over (except after a dead heat), one-half of the money offered to the winner is given. *In case of a Walk-over.*

When a walk-over (except after a dead heat) is the result of arrangement by the owners of horses engaged, no portion of the added money nor any other prize need be given.

Any money or prize which by the conditions is to go to the horse placed second, or in any lower place in the race, shall, if the winner have walked over, or no horse has been so placed, be dealt with as follows: *Distribution of second or third moneys*

- (I) If part of the stake, it shall go to the winner; or,
- (II) If a separate donation from the race fund or any other source, it shall not be given at all; or,
- (III) If entrance money for the race, it shall go to the race fund.

If a race never be run, or be void, stakes, forfeits and entrance money shall be returned.

A race may be declared void if no qualified horse cover the course according to rule. *When race void.*

PENALTIES.

80. When a race is in dispute both the horse that came in first and any horse claiming the race shall be liable to all the penalties attaching to the winner of that race, until the matter be decided. *Penalties and Allowances.*
- No horse shall carry extra weight for having run second or in any lower place in a race.
81. Extra weight shall not be incurred in respect of private sweepstakes, nor of matches, even though money be added to the latter.
82. When winners of selling races are exempted from penalties,

the exemption does not apply to races in which any of the horses running are not to be sold.

83. Penalties and allowances are not cumulative, unless so declared by the conditions of the race.

ALLOWANCES.

84. Allowances must be claimed at the time of entry when practicable, but omission to claim is not a source of disqualification, and a claim for allowance to which a horse is not entitled does not disqualify, unless carried out at scale. *Allowances must be claimed.*
85. Allowances to the produce of untried horses are for the produce of horses whose produce never won a race in any country.
86. No horse shall receive allowance of weight or be relieved from extra weight for having been beaten in one or more races; provided that this rule shall not prohibit maiden allowances or allowances to horses that have not won within a specified time or races of a specified value.

PART XIII.

87. Every jockey must be weighed for a specified horse not less than 20 minutes before the time fixed for the race, and the number of the horse shall be exhibited officially as soon as possible. *Weighing out.*
88. If a horse run in a hood, muzzle, martingale, breast-plate or clothing, it must be put on the scale and included in the jockey's weight.
89. No whip or substitute for a whip shall be allowed on the scales, nor shall any bridle be weighed. *Overweight.*
90. If a jockey intend to carry overweight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, he may declare the weight he intends to carry.
91. If a jockey intends to carry overweight exceeding by more than 2 lbs. the weight which his horse is to carry, the owner or trainer consenting, he must declare the amount of overweight to the Clerk of the Scales at least 45 minutes before the time appointed for the race, and the Clerk shall cause the overweight to be stated on the Notice Board immediately. Any failure on the part of the jockey to comply with this rule shall be punishable by a fine of not less than \$200, or suspension or revocation of his license.
92. A horse shall not be qualified to run in a race with more than 5 lbs. overweight.
93. The owner or his representative is responsible for the weight his horse carries.
94. Any overweight or any change of weight from the weight stated in the official programme, is to be immediately posted on the Notice Board.

PART XIV.

STARTING.

95. If a horse whose number has been exhibited, or whose starting is obligatory, does not start and run the race the Stewards may call on the owner, trainer or jockey for an *Explanation required of failure to run.*

explanation, and if no satisfactory explanation be given, shall fine, suspend or rule off the course, as the case may warrant.

96. After the horses are ordered to the starting post, and until the Stewards direct the gates to be re-opened, all persons except the racing officials shall be excluded from the course to be run over. *Only Officials on Course during race.*
97. A bell will be rung 10 minutes and a bugle sounded 5 minutes before the time fixed for the start. A second bell will be rung when the horses shall have started. *Signals for the start.*
The trainer or jockey of a horse not then at the post, ready to start, shall be fined.
98. The position of horses when starting, shall be determined by lot *i. e.*, a numbered ball shall be drawn from a bottle by the Clerk of the Scales when the jockeys weigh out. *Positions of Horses in starting.*
The winner of a heat shall, at the next start, have the inside position, and the others shall take their positions in the order in which they came out in the previous heat.
Nevertheless, the starter may place vicious or unruly horses where they cannot injure others, by placing them behind the line in the position which they have drawn.
99. A horse in the hands of the starter shall receive no further care from his attendants. *Horse in Starter's Hands.*
With the sanction of the starter, a horse may be led to his position, but must then be released to his jockey. The jockey must not dismount, except to set right insecure equipments, and then only with the permission of the starter.
100. If an accident happen to a jockey or his equipments, the starter may allow the other jockeys to dismount and their horses to be cared for, unless the delay is likely to be of a short duration.
101. A start in front of the post is void and the horses must be started again. *The Start.*
102. The horses shall be started by a flag, and there shall be no start until, and no recall after, the assistant starter has dropped his flag in answer to the flag of the starter.
103. The starter shall give all orders necessary for securing a fair start.
104. The horses shall be started as far as possible in a line, but may be started at such reasonable distance behind the starting post as the starter thinks necessary.
105. Any jockey misconducting himself at the post, refusing to obey the commands of the starter in any respect whatever, wilfully turning his horse round, hanging behind, not starting when the flag is dropped, or otherwise attempting to take any advantage, shall be reported to the Stewards. The suspension of a jockey for misbehavior at the post shall not take effect until after the last race of the day of his sentence.
106. The concurrent statement of the starter and his assistant as to incidents of the start is conclusive.

PART XV.

RUNNING AND WALKING OVER.

107. An owner running two or more horses in a race may declare to win with one of them, and such declaration must be *Declaration to win.*

made at the time of weighing out, and to be immediately posted on the Notice Board. A jockey riding a horse with which his owner has not declared to win, must on no account stop such horse except in favor of the stable companion on whose behalf declaration to win has been made.

108. (I) A leading horse is entitled to any part of the course, but when there is a clear opening to pass him, he shall not impede another horse by crossing so as to compel him to shorten his stride.

*Crossing or
jostling.*

(II) A horse crossing another so as actually to impede him, is disqualified, unless the impeded horse was partly in fault or the crossing was wholly caused by the fault of some other horse or jockey.

(III) If a horse or his jockey jostle, so as actually to impede another horse, the aggressor is disqualified, unless the impeded horse or his jockey was partly in fault, or the jostle was wholly caused by the fault of some other horse or jockey.

(IV) If a jockey wilfully strike another horse or jockey, or ride wilfully or carelessly so as to injure another horse, which is in no way in fault, or so as to cause other horses to do so, his horse is disqualified.

(V) When a horse is disqualified under this rule, every horse in the race belonging wholly or partly to the same owner is also disqualified.

(VI) Complaints under this rule can only be received from the owner, trainer, or jockey of the horse alleged to be aggrieved, and must be made to the Clerk of the Scales or to the Stewards before or immediately after his jockey has passed the scales. But nothing in this rule shall prevent the Stewards taking cognizance of foul riding.

(VII) A jockey whose horse has been disqualified or who unnecessarily causes his horse to shorten his stride with a view to complaint, or an owner, trainer or jockey who complains frivolously that his horse was crossed or jostled may be fined or suspended.

109. If the Stewards at any time are satisfied that the riding of any race was intentionally foul, or that the jockey was instructed or induced so to ride, all persons guilty of complicity in the offense shall be ruled off.

Foul Riding.

110. If a horse leave the course he must turn back and run the course from the point at which he left it.

Horse bolting.

111. If a race has been run by all the horses at wrong weights, or over a wrong course or distance, or if a Judge is not in the stand when the horses pass the winning post, the race shall be run again after the last race of the day, but at an interval not less than 20 minutes if for two miles or less, or than 30 minutes if over two miles.

*When a race is
to be run again.*

WALKING OVER.

112. When one horse pays forfeit for a match the other need not walk over, but for a sweepstakes, even if all the horses but one have declared forfeit, that horse must walk over, except by the written consent of the persons who pay forfeit; in the case of a purse the consent of the Stewards is necessary to dispense with a walk over.

*Walk over
when necessary.*

113. On a division or a withdrawal after a dead heat it shall not be necessary for a horse to walk over.

PART XVI.

WEIGHING IN.

114. Every jockey must immediately after pulling up ride his horse to the place of weighing, dismount after obtaining permission of the Judge, and present himself to be weighed by the Clerk of the Scales; provided that if a jockey be prevented from riding to the place of weighing by reason of accident or illness by which he or his horse is disabled, he may walk or be carried to the scales. *Weighing in.*
115. Every jockey must upon pulling up unsaddle his own horse, and no attendant shall touch the horse, except by his bridle.
116. If a jockey do not present himself to weigh in, or be more than one pound short of his weight, or be guilty of any fraudulent practice with respect to weight or weighing, or dismount before reaching the scales, or touch (except accidentally) any person or thing other than his own equipments before weighing in, his horse is disqualified, unless he can satisfy the Stewards that he was justified by extraordinary circumstances.
117. A jockey omitting to obtain permission to dismount or disregarding any requirement as to weight or weighing, shall be fined or suspended, and may be ruled off the course.
118. If a horse carry more than 2 lbs. over his proper or declared weight, he is disqualified unless the Stewards are satisfied that such excess of weight has been caused by rain or mud, provided that a horse shall not be qualified to run in a race with more than 5 lbs. overweight.

PART XVII.

119. (I) In races not of heats, a dead heat for the first place is to be run off on the same day, at the time the Stewards appoint, but at an interval of not less than 20 minutes, unless the race admits of division and the owners agree to divide. *Dead heats.*
- (II) The other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time.
- (III) If in running a dead heat off, either horse should be disqualified, it shall be decided by the Stewards whether the disqualification shall extend to the loss of the second place, and if so, the horse that originally ran third shall be entitled to the second place.
120. When a dead heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly; otherwise the horses which ran the dead heat shall divide. *Dead heats for second place when winner objected to.*
121. If a dead heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of the last preceding rule. *Dead heats for second place, owners divide.*
122. When owners divide they shall divide equally all the moneys and other prizes which any of them could take, if the dead *Division to be equal in all cases.*

heat were run off, but owners cannot divide in a race of heats, or in a race where any of the horses are to be sold or where division would conflict with its conditions.

123. If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the Executive Committee, who shall divide, what sum of money shall be paid to the owner who takes such cup, or other indivisible prize, to the other owner or owners.

*When owners
cannot agree on
division.*

124. On a dead heat for a match, the match is off.

*Dead heat for
match.*

125. Every horse running a dead heat for first place shall be deemed the winner of the race until the dead heat is determined, or the owners agree to divide, and if the owners agree to divide, each horse which divides shall be deemed a winner of the race and be liable to any penalty for the full amount he would have received if he had won.

*Horses running
a dead heat
deemed
winners.*

Every horse running a dead heat for second or a lower place shall be liable to any penalty or disability attached to the place.

PART XVIII.

126. In selling races which close within forty-eight hours of the race day, no person shall start more than one horse of which he is wholly or partly the owner, or in which he has a contingent interest.

Selling races.

127. Every horse running in a selling race, shall, if the winner, be liable to be claimed for the selling price by the owner of any other horse running in the race, but if it is a condition of the race that the winner shall be sold by auction, the sale shall take place immediately after the race, and the surplus over the selling price shall go one-half to the second horse and the other half to the race fund, or to the race fund if no second or third horses be placed.

*Disposal of
Surplus of
Auction sale.*

If sold or bought in, the horse shall not leave the place of sale without permission of the Clerk of the Course, and if the horse be not paid for within fifteen minutes, or the price secured to his satisfaction, he may direct the horse to be put up a second time, and the purchaser at the first sale shall be responsible for any deficiency arising from the second, and shall be treated as a defaulter until it is paid.

All other horses starting may be claimed for the selling price plus the value of the stakes or purse by the owners of horses running in the race, but for their own account only.

*All Horses may
be claimed.*

128. (I) Owners of horses placed shall have priority of claim in the order of their places, and if the owners of two or more horses having equal rights claim, they are to draw lots. The owner of the winner has the last claim.

By whom.

(II) No person can claim more than one horse.

(III) Every claim must be made in writing to the Clerk of the Course or the Clerk of the Scales not later than a quarter of an hour after the winner has passed the scales, and must be accompanied by the purchase money if required.

How and when.

129. The price of every horse claimed must be paid to the Clerk of the Course, and an order given by him for the delivery of the horse.

In the case of a horse being claimed, if the price be not paid within fifteen minutes after the claim is made, the claimant forfeits his right; but the owner may insist on the claimant taking and paying for the horse, and if he refuse or neglect to do so, he shall be treated as a defaulter in respect of the price.

If claimant defaults.

130. If a horse walk over, or there be no second horse placed for a selling race, the winner is still liable to be sold, but he shall receive all the money offered by the conditions of the race to the winner, and any surplus from the sale shall go to the race fund.

Walk over for selling race.

131. The following special provisions apply to claiming and selling races.

Special provisions for selling and claiming races.

(I) In case of a dead heat, the time for claiming or selling is postponed until the dead heat is run off.

(II) If an objection to the winner of an auction race be not decided before the time for selling, the horse objected to and the horse subsequently adjudged to be the winner shall be put up at auction, and any surplus from the sale of either shall be treated as surplus from the sale of the winner, but liability to be sold shall end with the day of the race.

(III) If an objection to a horse which has been claimed be declared valid, the claimant may, within such a time as the Stewards consider reasonable, reject or return the horse and place on the forfeit list any default by the owner in repayment of the price.

(IV) Any person refusing to deliver a horse bought or claimed in a selling race shall be ruled off, and the horse shall be disqualified for all races.

(V) Any person failing to pay for a horse bought or claimed in a selling race may be ruled off.

(VI) Any person who shall attempt to prevent another person from bidding on the winner of a selling race, or claiming any horse in such race, or demand any portion of the surplus from the owners of horses which are entitled to it, or any owner running in selling races who may make any agreement for the protection of each other's horses in contravention of these rules shall be ruled off.

132. In all other races with selling conditions in which horses may be entered, or may run not to be sold, only such horses as run to be sold shall be liable to be sold or claimed, and with this exception the foregoing rules relating to selling races shall apply.

PART XIX.

HEAT RACES.

133.

When Horses are distanced.

No person shall start more than one horse of which he is wholly or partly the owner, or in which he has any contingent interest, in a race of heats.

All horses whose heads have not reached the distance post as soon as the leading horse arrives at the winning post are distanced, but as proof of the fact, the distance judge must have dropped his flag in answer to the Judge's flag.

In races of heats a distance shall be :
 For three-quarters of a mile, - 25 yards.
 For one mile, - - - - - 30 "
 For two miles, - - - - - 50 "
 For three miles, - - - - - 60 "
 For four miles, - - - - - 70 "

A distance,

The time between heats shall be :
 For three-quarters of a mile, and for
 one mile, - - - - - 20 minutes.
 For two miles, - - - - - 25 "
 For three miles, - - - - - 35 "
 For four miles, - - - - - 40 "

*Time between
 heats.*

In a race of heats, a horse that actually wins two heats, or distances the field, wins the race.

How Won.

A horse running in any two consecutive heats without winning or running a dead heat, cannot start again in the race.

When a race is won by two heats, the preference of horses is determined by the places they get in the second heat.

If more than two heats are run, the horses starting for the deciding heat shall alone be placed in the race.

It shall be decided by the Stewards whether the disqualification of horses running for the deciding heat shall extend to the loss of money given to the second or third horses.

Horses started and drawn before a race of heats is won, are held to be distanced.

If any person draw or sell his horse (if by the sale the horse be drawn) during the pendency of a race of heats, without permission of the Judges, he shall be ruled off.

PART XX.

DISPUTES, OBJECTIONS, APPEALS, ETC.

134. Every objection shall be decided by the Stewards, but their decisions shall be subject to appeal to the Stewards of the Jockey Club, so far as relates to points involving the interpretation of these rules, or to any question other than a question of fact, on which there shall be no appeal unless by leave of the Stewards, and with the consent of the Stewards of the Jockey Club. Notice of appeal must be given in writing to the Clerk of the Course within forty-eight hours of the decision being made known.

135. In deciding a question on appeal the Stewards of the Jockey Club may call in any other member of the Jockey Club to their assistance, or may, if they think the importance or difficulty of the case requires such a course, refer it to a general meeting.

OBJECTIONS, WHEN OR HOW MADE.

136. Every objection must be made by the owner, trainer or jockey of some horse engaged in the race, or by the officials of the course, to the Clerk of the Scales, or to one of the Stewards.

*Objections, by
 and to whom
 made.*

137. All objections must be put in writing and signed by the objector.

138. An objection cannot be withdrawn without leave of the Stewards.

139. The Judge or Judges or their authorized substitute must occupy the Judges' box at the time the horses pass the win-

ning post. The decision must be announced immediately, and such decision shall be final unless an objection to the winner or any placed horse or horses is made and sustained; provided that this rule shall not prevent the Judge from correcting any mistake, such correction being subject to confirmation by the Stewards.

140. All costs and expenses in relation to determining an objection or conducting an inquiry shall be paid by such person or persons, and in such proportions, as the Stewards shall direct.

141. Before considering an objection the Clerk of the Course or Stewards may require a deposit, which shall be forfeited if the objection is decided to be frivolous or vexatious.

142. (I) If an objection to a horse engaged in a race be made not later than noon of the day of the race, the Stewards may require the qualification to be proved before the race, and in default of such proof being given to their satisfaction they may declare the horse disqualified.

(II) An objection to any decision of the Clerk of the Scales must be made at once. *When made.*

(III) An objection to the distance of a course officially designated must be made before the race.

(IV) An objection to a horse on the ground of his not having run the proper course, or of the race having been run on a wrong course, or of any other matter occurring in the race (except those coming under Rule 108), must be made before the numbers of the horses placed in the race are put up, unless under special circumstances the Stewards are satisfied that it could not have been made within that time.

(V) An objection on the ground

(a) Of misstatement, omission or error in the entry under which a horse has run; or

(b) That the horse which ran was not the horse or the age which he was represented to be at the time of entry; or

(c) That he was not qualified under the conditions of the race or by reason of default, entered in the forfeit list; or

(d) That he has run in contravention of the rules of partnership or registration. (See Rules 38 and 55.)

May be received up to 48 hours, exclusive of Sunday, after the last race of the last day of the meeting.

(VI) In any other case an objection must be made within 48 hours of the race being run, exclusive of Sunday, save in the case of any fraud or wilful misstatement, when there will be no limit to the time of objecting, provided the Stewards are satisfied that there has been no unnecessary delay on the part of the objector.

143. If an objection to a horse which has won, or been placed in a race or heat, be declared valid, the horse shall be regarded as having been distanced in a race of heats, and as having been last in other races.

Effect of Objection if valid.

[N.B. For qualifications of this Rule, see Rules 119 and 133.]

144. If by reason of an objection to a horse a race or place is awarded to another, his owner can recover the money for such race or place from those who wrongfully received it, and in case of default can place it in the forfeit list.

145. Pending the determination of an objection, any prize which the horse objected to may have won or may win in the race, or any money held by the Clerk of the Course as the price of a horse claimed or bought in a selling race (if effected by the determination of the objection), shall be withheld until the objection is determined, and any forfeit payable by the owner of any other horse shall be paid to and held by the Clerk of the Course for the person who may be entitled to it. *Prize retained pending objection.*

PART XXI.

OMITTED CONDITIONS.

146. Weights omitted in the conditions of a match, or private sweepstakes, are to be supplied by the provisions of Rule 77. *Omissions of distance.*
- When no distance is mentioned it shall be as follows :
- If two years old, six furlongs.
 If three years old, one mile.
 If four years old, one mile and a half.
 If five years or upward, two miles.
- And if the horses be of different age, the distance shall be fixed by the age of the youngest.
- If the meeting be specified and no day mentioned for a race, it shall be run on any day in that meeting the Stewards may appoint ; if neither day nor meeting be mentioned, then it shall be run during the meeting in progress or during the next meeting, should the race be made between meetings—in both cases on the day the Stewards appoint. *Omission of day.*

PART XXII.

TRAINERS' AND JOCKEYS' LICENSES.

147. (I) No trainer or jockey shall be allowed to train or ride horses on any race-track where meetings are held under these rules until he shall have obtained a license from the Stewards of the Jockey Club. Such license must be applied for annually, with full name and address of applicant, and is revocable at any time at the pleasure of the Stewards of the Jockey Club, or may be suspended for any length of time.
- The fee for a trainer's license shall be \$15, and for a jockey's license \$25.
- (II) In cases of emergency the Stewards may permit jockeys or trainers to ride or train pending action on their application.
- (III) Any person who shall employ a jockey or trainer in contravention of this rule shall be liable to be fined by the Stewards of the Jockey Club.
- (IV) Boys never having ridden in a race may be allowed to ride twice before applying for a license, but licenses shall not be granted to boys who have never ridden in a race.
- (V) No jockey or trainer whose license has been withdrawn or refused, will be eligible to ride trials or train horses, or be allowed the privileges of the course during such time.
148. Licenses will be granted only under the following conditions: Jockeys shall not be owners or part owners of any race-horse after August 1, 1894.
- Leave may be given under exceptional circumstances, on

special application, to jockeys to own one or more horses, but this permission will only be granted by the Stewards of the Jockey Club when a jockey is also a trainer and the horse is trained in his own stable.

JOCKEYS BETTING.

149. No jockey shall bet on any race except through the owner of and on the horse which he rides, and any jockey who shall be proved to the satisfaction of the Stewards to have any interest in any race-horse, or to have been engaged in any betting transaction, or to have received presents from persons other than the owner, will have his license at once revoked.

As to engagements of attendants on horses.

Any person knowingly acting in the capacity of part owner or trainer of any horse in which a jockey possesses an interest, or making any bet with or on behalf of any jockey, or otherwise aiding or abetting in any breach of the orders of the Stewards, will be ruled off.

STABLE EMPLOYEES.

150. In the absence of special agreement, engagements of riders, grooms or other attendants on horses in a racing stable terminate with the current year.

Any such person breaking his engagement shall not be allowed on the grounds of any Association where these rules are in force.

151. No owner or trainer shall engage any such person who has not a written discharge from his last employer.

Any person prevented by this rule from obtaining or retaining employment shall have the right of appeal to the Stewards of the Jockey Club.

Any owner or trainer infringing this rule shall be fined not less than \$100, and if he continue to employ or to harbor such person after notice has been served on him by the late employer through the Secretary of the Stewards of the Jockey Club, either personally or by letter addressed to his usual post office, he shall be ruled off.

JOCKEYS' RETAINERS.

152. The terms of all contracts between jockeys and their employers shall be filed with the Stewards of the Jockey Club and must be approved by them before a license be granted, and such contracts shall contain a provision that in case a jockey's license be revoked or suspended, the salary of the jockey shall in the former case cease, and in the latter case during the time of his suspension.

153. If a jockey engaged for a race, or for a specified time, refuse to fulfill his engagement, or if a jockey ride without the consent of his employer, the Stewards may fine or suspend him, and may also fine the owner or trainer for whom he rode.

As to engagements of jockeys.

154. Employers retaining the same jockey have precedence according to the priority of their retainers.

155. Conflicting claims for the services of a jockey are to be decided by the Stewards.

In the absence of a specified contract the fee for a winning mount shall be \$25, and for a losing mount \$10.

PART XXIII.

RACING COLORS.

156. Racing colors shall be registered either annually on payment of \$1, or for life of the person registering on payment of \$25. Colors so registered shall not be taken by any other person. All disputes as to the right to particular colors shall be settled by the Stewards of the Jockey Club.
157. Any person running a horse in colors other than those registered in his own or assumed name without a special declaration over night to the Clerk of the Course (at a time to be prescribed) shall be fined not less than \$5 nor more than \$10.
- A special declaration is also required where the owner is not the nominator.
158. Jockeys must wear the colors of the owners of the horse, and a number on the arm corresponding to the number of the horse as exhibited after weighing out.
159. Any deviation from the recorded colors of the owner that may be granted by the Stewards is to be immediately posted on the Notice Board.
160. Under special circumstances a horse may be allowed to run in the name of the trainer and in colors not those of the owner.
- Fines must be paid within 48 hours. Delinquents may be ruled off the course.

PART XXIV.

CORRUPT PRACTICES AND DISQUALIFICATIONS OF PERSONS.

161. (I) If any person give or offer, or promise, directly or in, directly, any bribe in any form to any person having official duties in relation to a race or race-horse, or to any trainer, jockey, or agent, or to any other person having charge of, or access to, any race horse; or,
- (II) If any person having official duties in relation to a race, or if any trainer, jockey, agent or other person having charge of, or access to, any race-horse, accept or offer to accept any bribe in any form; or,
- (III) Wilfully enter, or cause to be entered, or to start for any race a horse which he knows or believes to be disqualified; or,
- (IV) If any person be proved, to the satisfaction of the Stewards, to have surreptitiously obtained information respecting a trial from any person engaged in it, or in the service of the owner or trainer of the horse tried, or respecting any horse in training, from any person in such service; or,
- (V) If any person be guilty of, or shall conspire with any other person for the commission of, or shall connive at any other person being guilty of any other corrupt or fraudulent practice in relation to racing in this or any other country;
- Every person so offending shall be ruled off.
162. Every person ruled off the course of a recognized association is ruled off wherever these rules have force.
163. When a person is ruled off, and so long as his exclusion continues, he shall not be qualified, whether acting as agent or

*Fines.**Consequence of ruling off.*

otherwise, to subscribe for or to enter or to run any horse for any race, either in his own name or in that of any other person, and any horse of which he is the nominator, or is or was at the time of entry wholly or partly the owner, or which after one month from his exclusion shall be proved to the satisfaction of the Stewards to be, or to have been directly, or indirectly, under his care, training, management or superintendence, shall be disqualified.

PART XXV.

DISCRETIONARY POWERS.

164. When there is no specified penalty for violation of the rules of racing or of the regulations of the course, the Stewards have power to disqualify, fine, suspend, expel from or rule off.
165. If any case occur which is not or which is alleged not to be provided for by these rules, it shall be determined by the Stewards in such manner as they think just and conformable to the usages of the turf.
166. The Jockey Club takes no cognizance of bets.

*General powers
of Stewards of
The Jockey Club*

PART XXVI.

NEW RULES.

167. No new Rule of Racing can be passed, nor can any existing rule be rescinded or altered without the proposed new rule, rescision or alteration being previously advertised three times in the Calendar, nor without notice being given in such advertisement of the meeting of the Jockey Club at which it is to be proposed, and no new rule, rescision or alteration of a rule shall take effect until it has been confirmed at the meeting ensuing that at which it has been passed, nor until it has been twice subsequently published in the Calendar.

PART XXVII.

FEES AND FINES.

168. All fees and fines shall be paid to the credit of the Jockey Club by the Associations.
169. The Secretary of each Racing Association shall retain one per cent, of the full value of each race.
170. The following fees are also payable:
 Registration Fees.
 (I) The registration fee for foals shall be \$2 for each foal. Such fee must be paid before registration.
 (II) For every registration of a foreign horse, \$5.
 (III) For registration of authority to act generally on behalf of an owner, \$1.
 (IV) For every registration or change of an assumed name, \$25.
 (V) For every registration of partnership, and on every change thereof, \$1 for each horse.
 (VI) For every annual registration of colors, \$1.
 (VII) For every registration of colors for life, \$25.
 (VIII) For registration of foreign and veterinary certificates, \$5.
 (IX) For filing an agreement with a jockey, \$1.
 (X) For collecting unpaid forfeits, five per cent.

BETTING RULES.

The following are the Betting Rules adopted by the four Racing Associations which constitute the Jockey Club:

1. In all bets there must be a possibility to win when the bet is made; "you cannot win when you cannot lose."
2. If a horse entered by an incorrect or insufficient description is for that reason disqualified and prevented from running, bets on that horse are void.
3. Bets follow the prize or stakes. If, however, a horse that comes in first is disqualified through an objection made *after the race* to the validity of his engagement, the bets shall go to him, provided his engagement was in good faith, and he is of the right age, and in other respects has not transgressed the rules of racing; but if the owner of a horse, or a person on his behalf, succeed by misstatement or fraudulent device in starting him for a race for which he was not qualified, the bets will go with the prize or stakes, whether any objection be made either before or after the race.
4. All bets are play or pay, unless otherwise stipulated.
5. All double bets must be considered play or pay.
6. Confirmed bets cannot be off except by mutual consent or by failure to make stakes at the time and place which may have been agreed upon, in which case it is optional with a bettor not in default to declare then and there that the bet stands. If at the time specified for making stakes the horse or horses backed are dead or struck out of the engagement, and a start has not been stipulated the bettor against them need not, while the backer must, deposit his stake. If there is no stipulation when the bet is made for the deposit of stakes they cannot be demanded afterward.
7. All bets on matches or private sweepstakes depending between any two horses shall be void, if those horses subsequently become the property of the same person or his avowed confederate.
8. All bets between designated horses are void, if neither of them is placed in the race; except bets between designated horses started for a race of heats, but not starting for a third heat, which are determined by their places in the second heat, and bets between such horses and horse starting for a third heat, which are won by the latter, even though he be distanced afterward.
9. Any bet made from signal or indication when the race has been determined shall be considered fraudulent and void.
10. The person who lays the odds has a right to choose a horse or the field; when a person has chosen a horse the field is what starts against him. If odds are laid without

- mentioning the horse before the race is over, the bet must be determined by the state of the odds at the time of making it.
11. When a certain number of horses are taken against the field and among them are horses struck out of engagement, or disqualified, or even never engaged, the bet nevertheless stands, so long as there remains one horse which is qualified to start at the time the bet is made.
 12. On the postponement of a race bets stand, but if any change be made in the conditions of a race, bets made before the change are void.
 13. Bets made on horses winning any number of races within the year shall be understood to mean between the 1st of January and 31st of December.
 14. If a bet is made between two horses with the condition of a specified forfeit, and both horses start, either party may declare forfeit, and the person making this declaration would pay the forfeit if the other horse is placed, but would receive nothing in the event of his horse being placed.
 15. Money given to have a bet laid shall not be returned though the race be not run.
 16. Bets made after a race that the winner will be disqualified stand even if no objection be made.
 17. When a horse has been assigned his position by the starter stipulations for a start are complied with.
 18. Bets are void on the decease of either party before the race.
 19. Bets on a match for which a dead heat is run are void.
 20. When horses run a dead heat for a purse or sweepstakes, and the owners divide, all bets between such horses or between either of them and the field are settled by putting together the money betted and dividing it equally.
A bet on a horse that runs a dead heat against a beaten horse is won.
 21. Double event bets are determined when the first event is lost.
 22. If two of "triple events" or either of "double events" are decided in the backer's favor and the other results in a dead heat, the money is put together and divided equally.
If one of "triple events" is decided in the backer's favor and two result in dead heats, the money betted is put together and divided into four parts, one of which goes to the backer.
 23. The following conditions govern bets made on the course on the day of the race.
When the numbers of all the horses starting for a race, with the names of their jockeys, have been exhibited officially, all bets stand.
If a horse is disqualified for incorrect weight, bets on him are not affected by the disqualification if he carried not less than the weight on the official programme or as corrected on the Notice Board.
Nor shall disqualification for error of registration affect such bets.
 24. There shall be no 1, 2, 3 betting, except in Paris mutuels.

AGREEMENT MADE BETWEEN THE JOCKEY CLUB AND THE AMERICAN TURF CONGRESS.

In the interest of the turf of the United States, and to better prevent, detect and punish fraud thereon, the Jockey Club and American Turf Congress hereby agree that the following shall become and be enforced as a part of the rules of each :

First—The recognized meetings in the United States shall be those held east of the eighty-first meridian under the sanction and rules of the Jockey Club and those held west of the same meridian under the sanction and rules of the American Turf Congress.

For the purpose of this agreement it is understood to include for the Jockey Club, the State of Florida, and for the American Turf Congress, the State of Ohio.

Neither of said authorities shall sanction meetings held in the United States east of the Rocky Mountains and north of latitude 37 degrees during the months of December, January or February of any year.

Second—If a horse runs at any unrecognized meeting he is disqualified for all races to which these rules apply. Any person acting in any official capacity, and any owner or trainer running horses, and any jockey riding the same at any unrecognized meeting shall be disqualified for all races to which these rules apply. All other horses under the control of such owner or trainer shall also be disqualified.

Third—Each shall recognize and enforce the rulings of the other as to persons pronounced guilty of fraud or corrupt practices on the turf and of violations of contracts by owners, trainers, jockeys and stable employees.

Fourth—Each shall grant the licenses to trainers and jockeys in its jurisdiction, and either may for proper cause revoke any license, but neither shall restore a license which has been revoked by the other without its consent.

Fifth—The present uniform scale of weights shall not be changed except by mutual consent.

Sixth—Each shall keep a "Forfeit List," which shall be a record of all "arrears" hereafter accruing at all courses running under its authority ; and shall select a Forfeit Clerk, who shall have charge of, collect, receipt and account for its Forfeit List as well as that of the other in his territory.

Seventh—So long as the name of a person is in the forfeit list, no horse can be entered under his subscription for any race, whether acting as an agent or otherwise, and no horse

which has been entered by him, or in his name, or under his subscription, or of which he is or was at the time of entry, wholly or partly the owner, can run for any race and no horse which shall be proved to be directly or indirectly under the care, management or superintendence of a person who is in default shall be qualified to enter or run for any race; and so long as any horse is in the forfeit list such horse shall not be qualified to be entered or run for any race; nor shall any person in the forfeit list be allowed to train, ride, or in any way take part in the preparation or running of any horse, or act in any official capacity upon any course. But the turf authority may confirm entries where default is accidental or unintentional, and prompt payment is made.

Eighth—Immediately upon the close of each meeting held hereafter, the Secretary thereof shall forward to his Forfeit Clerk a list of all "arrears" for that meeting, with a statement from whom, to whom, and for what they were due.

Each Forfeit Clerk shall promptly furnish the other with a copy of his forfeit list and advise him of all additions received and collections made, and also furnish each Secretary of a meeting held in his territory, before it begins, with a copy of all forfeit lists in his charge, and advise him promptly of all the changes made in them while the meeting is in progress.

Ninth—This agreement shall not effect any now existing rights or liabilities.
